

COMMUNITY OUTREACH? THINK GREEN

JOIN THE GREEN BUILDING ALLIANCE AS A SUPPORTING MEMBER

The Green Building Alliance

Green Building Alliance members include local architects, engineers, landscape architects, interior designers, contractors, and other professionals—many with award-winning credentials—who are committed to the design and building of environmentally sustainable projects. The Alliance serves people who want to create healthy, environmentally friendly homes, workplaces and landscapes.

Be a Green Building Alliance Supporter

Local business and community leaders know the value of associating their name with the important environmental efforts of green building movement. Supporting the Green Building Alliance can be an important component of your cause-related marketing efforts. Green Building Alliance supporting members play an integral role by contributing to the organization's operations and outreach efforts.

The Green Building Alliance Supporter Program offers two levels of participation:

- **Big Green Supporter - \$2000 or greater annual contribution**
- **Green Supporter - \$500 annual contribution**

Please consider becoming a Green Building Alliance Supporter!
